ZHEER ARAZ

FULL-STACK WEB DEVELOPER

Rzgary, Sulaymaniyah, Iraq | 07750147566 | zheererror@gmail.com | LinkedIn | GitHub

PROFESSIONAL PROFILE

Full-stack web developer with hands-on project experience building responsive applications, REST APIs, role-based dashboards, and database-backed systems. Works across PHP/Laravel, JavaScript/React, and SQL databases, with a focus on maintainable code, usable interfaces, and practical security. Project work also includes multilingual experiences and right-to-left (RTL) support.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React, Tailwind CSS, Bootstrap

Backend: PHP, Laravel, REST API development, MVC architecture, authentication, session management

Databases: MySQL, PostgreSQL, SQL, database design, query/database optimization

Tools: Git, GitHub, VS Code, Composer, npm, Vite, Postman, Apache, Cloudflare

Security: Input validation, OWASP Top 10 awareness, SQL injection and XSS prevention, secure authentication, secure coding practices

SELECTED PROJECTS

Choman Company Website | Multilingual enterprise web portal

Developed for an Iraqi industrial company with English, Arabic, and Kurdish Sorani (RTL) support, public pages, a role-based admin dashboard, CMS/database fallback, and custom analytics.

Stack: Next.js 16, React 19, TypeScript, Tailwind CSS 4, next-intl, Auth.js, Prisma, PostgreSQL, Sentry, Cloudinary

BestOneMarket - Grocery Management System | Desktop and web inventory solution

Full-stack system for grocery product catalogs, sales tracking, inventory control, reporting, role-based access, and secure login.

Stack: .NET MAUI, .NET Core, SQL Server

HealthTrust - Decentralized Medical Record System | Blockchain-based records with predictive analytics

Blockchain-based medical-record system with patient and doctor dashboards, secure data storage, analytics, and predictions.

Stack: React, Node.js, Solidity, PostgreSQL, FastAPI, IPFS

EDUCATION

Bachelor's Degree in Information Technology | 2022-2026

Sulaimani Polytechnic University (SPU) | Sulaymaniyah, Iraq

Relevant coursework: Software engineering, database systems, networking, and information security.

CORE STRENGTHS

Full-stack application development | REST API development | Database design and management | Responsive UI | Analytical thinking and clean-code practices

CERTIFICATIONS

Responsive Web Design - freeCodeCamp | JavaScript Algorithms and Data Structures - freeCodeCamp | PHP & MySQL - Udemy | Laravel for Beginners - Udemy | Web Security Fundamentals - Coursera
